Grater Vancouver Area

BC, Canada

I'm a UI/UX and graphic designer based in Greater Vancouver. I focus on creating clean, user-friendly designs that look great and are easy to use. I work on both digital and print projects, helping bring ideas to life through thoughtful visuals.

Work Experience

Freelance Graphic Designer

2023 - Nov 2024

Worked with clients from different industries to create strong visual identities and marketing materials. Projects included logos, branding, social media posts, posters, and ads. Handled everything from ideas and design direction to final files for print and digital use.

Web Designer

2023 - Nov 2024

Canadian Premier Suppliments (Remote)

At Canadian Premier Supplements, I design marketing materials for web and print, manage website updates using HTML, CSS, WordPress, and Shopify, and create visuals for product launches and promotions.
